Summer Break is Here!

After 176 days of school, we have come to the end of another year. But just because school is out, that doesn't mean the learning should come to a stop. Please continue to have your kids READ throughout the summer months. Also, keep working with them on their MATH FACTS. You could make it a daily habit during meals to go over some math facts with them. This will ensure that when school starts in the Fall, they will not have lost all they have learned so far.

Calendar of Events

June 5-6: Online registration help at the school.
Anytime between 8:00-4:00.

June 28th: School Board Meeting

July TBD: Basketball Camp

July 26th: School Board Meeting (the date may change)

August 16th: First Day of School!

School Board Meeting

Congratulations to our 8 graduates!

Good luck
at RTHS!

Online School Registration for 2023/2024

We are trying something new this year. We are going to offer online school registration through TeacherEase. When registration opens up, you will be notified. You will be able to enroll your students and pay all of the fees online.

We will have a training day on June 5th and 6th if you have any questions, need help logging onto TeacherEase or finding where to register on the TeacherEase website. Just stop by the school between 8:00-4:00, and Mr. Hayes will help you out. You can also email him with any questions.

Family Fun Night

by Mrs. Odle

Somehow, we find ourselves nearing the end of another school year. The Steward Student Council wrapped up the year with the 2nd Annual Family Fun Night. The night was full of outdoor games for families to enjoy together including 9 Square in the Air and an Angry Birds Slingshot. The Booster Club provided concessions, and fun was had by all. Our spring community service project culminated in several items donated for care packages to be sent to service men and women who are away from home. The students will also be working on town beautification and clean-up in the final week of school.

As the advisor of this wonderful group, I'm so proud of the students this year. They continue to amaze me with their ideas and dedication to building relationships among all students in the school and reaching outside our school to the community. It is my hope that these life lessons will help them to be caring and generous people as they grow up and become active members of their community and society.
